Grooming Report – Scott Fell

A place to put the 55 gallon drum of fluid that we were promised when we purchase the new tractor will need to be determined.

Posts were put up by the gas tank to alleviate any future issues

The newer winch cable may not be compatible with our winch, this will be checked into.

An ad was put in the paper for the old blade with chains for \$500 or B/O.

Trail Maintenance Report – John “Buck” Glewwe

Craig Martin took the moguls out by the cranberry marsh

Larry Main donated a plastic culvert that he gave to Buck to give to John Weaver and John will install it for this trail (Fontaine Rd.) that has been having issues. With this trail (Fontaine Rd.) there is extensive work that needs to be completed. Buck has received a bid from Yellow River Construction, approached Hopkins for a bid – they declined to submit a bid for this project. There is one more bid that Buck is trying to obtain. He will present all bids at next meeting.

Buck is working on preparing the backup mower to be ready for use.

There have been gates that have been torn down or the chains cut and removed by unknown ATV/UTV riders. These have been replaced/repared a few times now. There was one gate that the CLUB lock was unlocked to

open the gate. **Please remember the landowners allow us to use their land for our trails, please be respectful**

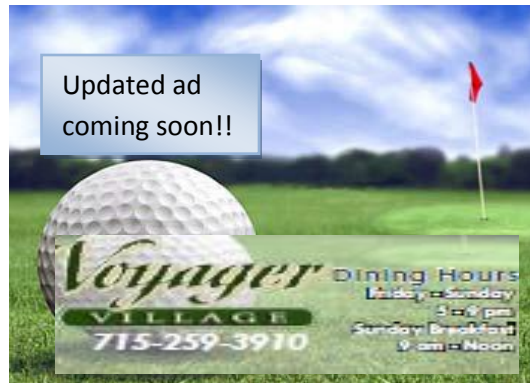

A suggestion was brought up to possibly change the gates to a single arm that is cemented in, but with the cost (quoted by what county pays) \$450 which isn't feasible for us as a club to install.

There is a trail change coming out of Augustine Rd and Fontaine Rd, please pay attention to the signs.

If you find any issues with the trails please contact John "Buck" Glewwe:
