We still need the release from groomer drivers for insurance.

We have received approximately 50% of our money turned in for supplemental. We should be receiving approximately another 15% as well.

The Turf & Tundra club borrowed our drag

Please remember to turn in the work that is done on the trails.

**Fundraising – Tina Childers**

Casino Nite brought in \$1100.00 to the club. Thank you again for all the volunteers!!!

Progressive Ride will be in January with 5 stops. The stops haven’t been determined yet. More information to follow.

There will be no calendar raffle this year.

\*\*\*We need volunteers to help with our float for the St. Patrick’s Day parade in Webb Lake\*\*\*

**Membership:**

Brian has access to the county website to register our members via electronically.

## **Grooming Report – Scott Fell**

Scott has delegated the Grooming/Scheduling/Training to Mark Spease and he will remain as the Equipment/Maintenance Director.

One snow drag is ready, however, the other needs two pieces of steel welded.

The ATV drag also needs repairs for a new pan and steel welded.

A flashing light (beacon) needs to be repaired on one of the groomers

George made a motion if north-end drag not fixed by Tuesday (11/18/14), then we have Spooner Machine fix it and if the ATV drag isn't fixed by 12/1/14 then again Spooner Machine will repair. Best guesstimate is approximately \$800.00.  
2<sup>nd</sup>: Brian O'Toole, motion carried

There was a mandatory Groomer meeting held 11/29/14

## **Trail Maintenance Report – John “Buck” Glewwe**

There was a washout on Trail #8 that has been repaired by Val.

Trails opening date is TBD by the county.

Big McKenzie Lake has test lake markers this year. Please let Buck know any feedback that you may have on them.

Gates are all up at Voyager Village and the 11<sup>th</sup> one was installed per Sue's (county) request.

Greg has ordered signs and has reached his budget for the year. We are running low on white reflector – need approval for Greg to purchase a roll of white reflector tape. Larry will check with Jim Breister to see if he can obtain at a lesser cost.

Norman's Landing Road sign is missing again, if anyone knows anything about this, please contact Buck.

Equipment is NOT being signed out, which means that it will be locked up.

Auger is at Main store for repair, wouldn't run – may need carburetor overhaul

Pole Saw is at Four Star for repair as the throttle is broke

If you find any issues with the trails please contact John “Buck” Glewwe:
